## Alexandria Gazette.

TUFSDAY EVENING, NOV. 17, 1903.

There is a peculiar bird commonly known as the "kiwi," its scientific name being Apteryx mantelli. It is the lowest form of bird which exists, but so scarce that scientists are happy to get a specimen in any condition. It is absolutely without wings or tall. Its legs are short, stubby, but very strong, and are used by this bird for digging. The body covering is a cross between hair and feathers, a material which is very coarse. They can develop great speed and make a desperate fight when attacked. Breeding them in captivity has utterly failed, and only a few museums can boast of a specimen. They are now very rarely found in the for-ests and swamps in the north of New Zealand.

An old newspaper man in Washing-ton tells this story of Mr. Blaines "My first experience with Mr. Blaine was when as correspondent for a west-ern paper I endeavored to get him to withdraw from the official reporters of the house a speech which he had made in order that I might make an abstract

'How much of this do you want to use? Mr. Blaine asked.

"I replied that I thought I would send about half of it.

Then I will make an abstract myself,' said he, 'reducing it one-half. I do not doubt your skill, but I want this speech boiled down by its friends.'

Life's Little Duties. It may be doubted if it is within the power of any one man, however great and powerful and gifted, to change the current of the world's affairs, but there is scarcely any one who will contead that civilization would not advance, the world become better and life for all grow more beautiful if each citizen would perform the simple and apparent duty which he can easily do. There is one sure way of reforming

the world, and that is for each person to contribute his mite. - Kansas City

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c, at E. S. Leadbeater & Sons

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflamed tissues to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tired of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will usual it.

A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by all druggists.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.
